

You are Cordially invited...

At Kidney Research UK, we focus our work to make the biggest impact. Sometimes it's the big things that people remember. Why not gather together all your fundraising power and try and put on something big, something magnificent?

Everyone loves to dress up and feel amazing, so you are cordially invited to host a glamorous event in aid of Kidney Research UK. Have the night of your lives with friends, family and others in your community.

You may be the kind of person that loves to throw a huge party already. You may have a large house, garden or simply have access to the local venue. A team effort may tickle your fancy with some help from one of your social groups – try the rugby team, old school friends or the local business group to start. Whichever way you choose to approach organising a big night, we are here to support you and make it an event to remember.

What would be your perfect event?

- A magical Cinderella style ball
- A 'Bond' style casino night
- A themed fancy dress party
- A 70s disco with glitter and sparkle
- A fabulous dinner and auction
- A 'prohibition' ball with a big band

Think about ways to fundraise

On top of selling tickets you can dedicate parts of your evening to raising even more vital funds. Try a raffle, an auction or additional experiences on the night that guests pay to try. Only your imagination limits what is possible, and with a little help from your friends, the sky's the limit

Choose an option that everyone can get behind and start talking about now. As the excitement builds, share it across social media and take photos to show off preparations, the new outfit or favourite guests on the night.

Remember to mention
