

## The Autosomal Dominant Polycystic Kidney Disease (ADPKD) Clinical Study Group

### Vacancy for Chair

The ADPKD Clinical Study Group (CSG) is seeking a new chair, in a voluntary capacity. The ADPKD CSG is tasked with developing new research ideas and working these into high quality funding applications, leveraging a range of expertise from within the CSG and from the networks that support multicentre collaboration. The chair will lead a dynamic group of clinicians, allied healthcare professionals, scientists and patient representatives from across the UK.

Responsibilities include:

- Organising meetings (with support from Kidney Research UK and the PKD Charity)
- Encouraging new members (from all relevant specialties, trainees and PPI members)
- Encouraging trainee engagement and development
- Publicising the work of the CSG
- Reporting to the UK Kidney Research Consortium
- Liaising with RaDaR (the CSG members are also members of the RaDaR ADPKD Rare Disease Group)

The PKD Charity <https://www.pkdcharity.org.uk/> will provide administrative assistance to ensure continuity following the retirement of the current chair and deputy.

Applicants should send a CV and covering letter to [UKKRC@kidneyresearchuk.org](mailto:UKKRC@kidneyresearchuk.org). The closing date is 11<sup>th</sup> October 2019.
